Designer Range
PORCELAIN TILES COLLECTION

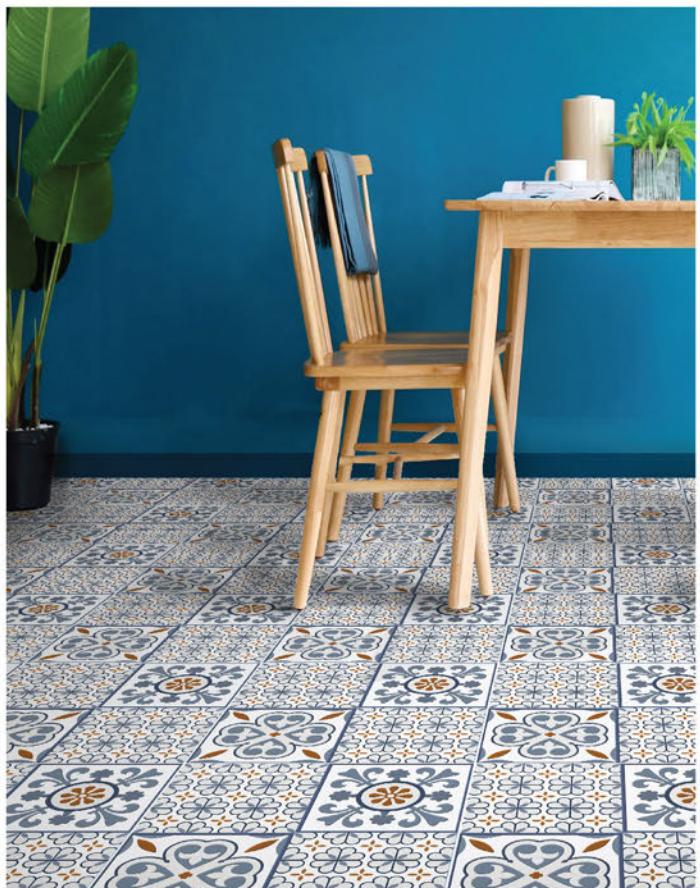

SUPER CERAMIC started off as a building materials merchant since 1998, providing various tiling solutions from various reputable brands with the aim of bringing the trendiest design and best quality product to fulfill market requirement and demands. As one of the largest tiles importer from Indonesia, Europe and China in Malaysia, Super Ceramic is a popular destination for Building Industry Experts, project owners, and home owners.

Super Ceramic's success lies in its ability to maintain its consistency of delivering the finest quality of products with a modest price point which has won them the trust and loyalty their valued customers nationwide. With success, it is easy to sit back and relax but not one to sit on their laurels, Super Ceramic then progressed to tap into the project segment through "CITIGRES" - an OEM brand that provides a full range of products ranging from glazed porcelain tiles, polished tiles, matt surface tiles, décor tiles in various sizes and designs as well as elegant yet quality aluminium tile trims and step nosing accessories.

Oprah Winfrey once said "Passion is energy. Feel the power that comes from focusing on what excites you" and passion is something Super Ceramic has in abundance. With the vision of serving all home-related needs, the team then expanded their offerings to include bathroom and kitchen solutions as well which included faucets, cold tap, kitchen sinks, and other related products.

Fortified by years of experience Super Ceramic has garnered and encouraged by the clientele Super Ceramic service repertoire has grown to include ID services like construction drawing to meet the technical and appearance needs of modern architectural projects, design of the tiles, calculation of tiles quantity and coverage required, in addition to after-sales service.

Super Ceramic has come a long way from its humble beginning where it started off as a small shop trading tiles in Jalan Ipoh, Kuala Lumpur. Today, Super Ceramic has established a total of 26 showrooms including 6 HomeStyle Centres with DIY concepts locally, to provide unrivalled customer support to its clientele. Also, with its affiliation as a business partner, Super Ceramic serves as a distributor, serving more than 300 customers within Malaysia.
